

Bogus Caller Button

What is the Bogus Caller Button?

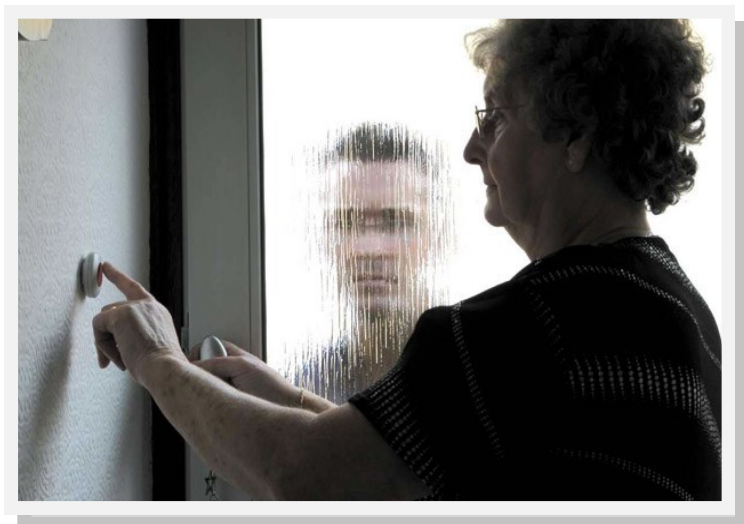

The Bogus Caller Button provides reassurance in the event of an unexpected caller. It can be used to summon assistance and verbal prompts can be given by the Lifeline unit. Such incidents will also be automatically recorded and can be used in evidence.

What are the Benefits of the Bogus Caller Button?

- It can be positioned anywhere in the property for use as a static pendant
- It is waterproof and can be installed in the bathroom
- It is discreet and is able to open up speech module for evidential purposes if applicable

How does the Bogus Caller Button Work?

In the event that a suspicious caller enters a property the resident can press the Bogus Caller Button to send an alert to the Telecare Cardiff Team. This will place a call through to the Control Centre where one of our highly trained operators will answer the call. They will listen intently and either call the Police or the Mobile Warden.

Who's it for?

- Anyone who has a history of being targeted by Rogue Traders
- Anyone who feels threatened by Rogue Traders
- People who live in areas where Rogue Traders have targeted before
- Anyone who would like peace of mind from the threat of Doorstep Crime
